

BUILDING CUSTOMER CONFIDENCE THROUGH COVID-19

CONCRETE GRINDERS & POLISHERS

- Are still working
- Always work in an exclusion zone separate from other trades – social distancing works well for us!
- Work as individuals or small teams only
- Are most effective & efficient with free access to the slab
- Can get on site before any other trade
- Supply power – Don't need an electrician
- Staff have COVID government training certificate
- Meet PPE recommendations with gloves, sanitizer, eye protection etc.
- Wear Cleanspace respirators
- Have regular toolbox talks on hygiene and procedure updates
- Work with their own designated/same machinery and tooling everyday – no sharing
- Machinery & Tooling is sanitized before it comes on site
- Machinery & Tooling is sanitized daily
- All surfaces touched are disinfected regularly
- Team all travels in separate cars to reduce any potential transfer risk
- All client meetings can be conducted via video conferencing
- Project updates, variations etc. supplied by means of phone, or email, where requested
- Availability of tradespeople will be scarce when business resumes as normal

YOUR HEALTH & SAFETY IS OUR PRIORITY

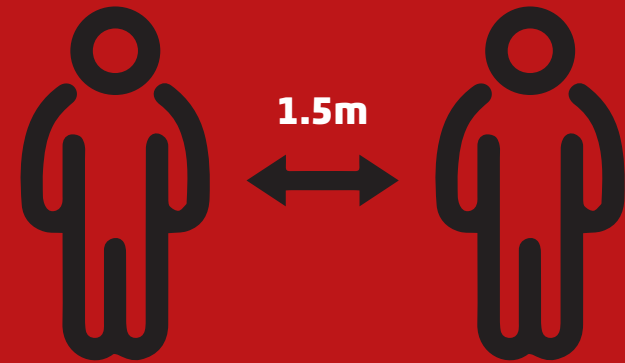

Our staff may not offer to shake your hand but will, as always, provide you with the best possible service.

If you are experiencing any COVID-19 symptoms or feel unwell, please do not enter this site.

Please maintain best health practices and ensure you are using hand sanitiser and washing your hands regularly.

We request that you:

- ✓ Stay at home if you are sick
- ✓ Maintain 1.5m distance from all people
- ✓ Hold essential meetings outside in the open air
- ✓ Do not share enclosed spaces with multiple tradespeople (minimum 4m² per person)
- ✓ Promote strict hygiene standards
