

HITACHI HAND POLISHER

Hitachi 180mm pad, variable speed high torque polisher with Aluminum shroud and grinding accessories.

- Variable speed control for optimum polishing efficiency.
- 1250W motor for tough projects
- Soft start and overload protection.
- Compact and lightweight. Shroud: Cast aluminium, with cutaway front (to enable finishing up to walls). Carpet skirt enables easy height adjustment and eliminates suction to floor.

Recommended Accompanying Vacuum System: 1150 or 1250 Pulsebac.

SPECIFICATIONS:

Wheel diameter: 180

Input Power: 1250W

No Load Speed: Low: 0 – 600 (min-1) / High: 0 – 3,400 (min-1)

Spindle Thread: M14X2

Weight: 2.8kg

Length: 415mm

APPLICATIONS: Hand grinding and polishing, edge grinding.
