

## **FORMULA WORX**

### **TOTALLY DEFEND (TDISE)**

As part of the Formula Worx range of floor treatment products, TDISE is a proprietary blend impregnating solvent sealer specifically designed to defend indoor surfaces from stains, acids, water, fats and oils, whilst enhancing their natural colour and beauty.

#### **USE:**

Defend indoor polished concrete surfaces from stains, acids, water, fats and oils and enhance the natural colour and beauty of polished concrete. For use on interior natural stone, terrazzo, masonry and concrete surfaces.

#### **FEATURES & BENEFITS:**

- Enhances the natural properties of natural stone, terrazzo, masonry and concrete surfaces.
- Improves stain, acid, oils, fat and water resistance
- Increases the longevity of concrete and stone floors
- Maintenance free.
- Non-topical.
- Non-yellowing.

**SPECS:**

Unique WORX+ formulation.

**PREPARATION:**

Apply TDISE to a completed polished surface.

The surface to be treated must be completely dry and clean.

**APPLICATION:**

Apply TDISE using a concrete sprayer (*must be solvent resistant*). Spread evenly across the surface using a microfiber applicator.

Allow to dry for 20 minutes. If floor appears uneven in appearance, apply an additional coat.

Burnish the floor to remove any excess using a black or a blue burnishing pad.

**ADDITIONAL INFORMATION:**

Use in a well ventilated area. Do not swallow. Use adequate eye and skin protection. Use solvent resistant equipment. Flammable liquid. Keep away from sources of ignition. No smoking. Surface may be slippery when wet. Always test a small area of surface to be sealed to verify protection and appearance.
